Melissa E. Webb works in our trust and estates practice group where she handles estate planning, trust administration and probate matters, from simple to complex. Melissa provides a full range of estate planning services including wills, living trusts, durable powers of attorney, and advance health care directives, as well as more sophisticated planning techniques, such as life insurance trusts and qualified personal residence trusts. As part of her estate planning and administration practice, Melissa also prepares gift tax returns, estate tax returns and premarital agreements.

Melissa enjoys working with her clients and making sure they are comfortable with the process, whether it be planning their own estate, or administering the estate of a deceased loved one. Clients are drawn to her because she's down-to-earth, compassionate and thorough.

Outside of the office, Melissa loves traveling to the central coast with her husband, exploring national parks, and gardening and growing succulents. She grew up in Hanford, California, and graduated from Hanford High School.
