

LINDSAY MOELLENBERNDT

Chief Business Development & Marketing Officer

P 602.916.5212

E lmoellenberndt@fennemorelaw.com

Phoenix, Arizona

Lindsay Moellenberndt is passionate about connecting people and businesses with resources for growth. Since joining us, Lindsay has launched the Elevate program that helps our associates reach their desired outcomes and enhance their overall human experience through career road mapping, one-on-one consultations and strategy sessions and through monthly educational programs. We are dedicated to providing our attorneys the tools and resources they need and Lindsay plays an integral role in that.

Her background in business development best practices and a commitment to making a difference in the community, coupled with her unique ability to facilitate connections and create strategic partnerships with business leaders is a strong component of our continued vision of growth in the Mountain West. Lindsay will continue to serve our clients and the business community by hosting events that will address topics that meet the needs of our clients and the communities we serve.

A born connector who has always worked in the “people industry,” Lindsay takes great pride in helping business leaders grow at a personal and professional level. She is energized by problem solving – often taking companies from their current level to the next through her contacts and resources. Prior roles in business and client development with the Greater Phoenix Economic Council, SPS+ Architects, DLR Group, and most recently, Cresa, a commercial real estate firm, led Lindsay to becoming the founder and executive event producer at AZ BIZ LINK, an organization focused on enhancing companies through discussions around today’s modern workforce & leadership challenges. Her latest hobby includes hosting the AZ Biz Link Podcast where she interviews leaders to discuss topics such as: Why Corporate Social Responsibility Matters, Time & Energy Management, How to Improve Your Networking Skills, Culture & Conscious Capitalism, & How to Retain Top Talent.

She considers her career a lifestyle, and her life outside of the office includes a profound interest in philanthropy, working with entities such as St. Vincent De Paul, Valley of the Sun United Way, Fiesta Bowl Charities, Luke Air Force Base, the Arizona Charter School Association and also plays an active role with the Fennemore Foundation Committee. As a full-time networker, she includes coffee meetings in her rituals and routines and can often be spotted at Press Coffee or The Henry.
