## DAVID LEWANDOWSKI

David Lewandowski is an Of Counsel attorney in our Reno office who works in the firm's business and finance practice group where he brings an entrepreneurial spirit to a variety of corporate matters, including debt and equity financing issues for emerging businesses, transactional and capital financing counsel, complex buying and selling strategies, as well as mergers and acquisitions tactics. He works with publicly-traded companies and privately held entities on issues such as governance and contract matters, and he's also passionate about helping advise budding entrepreneurs and start-ups in Reno's vibrant Tech Hub on business law issues that arise during the formation and operational phases of a business.

Known for solving the problem, and getting the deal done, David takes great pride in providing effective, honest and transparent counsel to his clients. He has a track record of understanding deals and risks, and knowing exactly what business owners and entrepreneurs are actually signing, so he can help them avoid the common pitfalls that they often face. Before joining Fennemore, David worked for a technology-based business accelerator/incubator. He frequently volunteers his time by serving as a guest lecturer for entrepreneurship classes at the University of Nevada, the Davidson Academy, Entrepreneurship Assembly, and NxLevel Entrepreneur Training Courses.

When he is not working, David enjoys fly-fishing in the Truckee River and spending time with his family, which now includes coaching his son's little league baseball team, and cheering on his daughter at her latest gymnastic performance.
