ABOUT FENNEMORE

Fennemore is a full-service Am Law 200 business law firm that embraces change and drives innovation. By employing a "sense, seek, seize" approach, we look beyond the horizon to what's next — both for our clients and employees.

We take immense pride in being recognized [as the top revenue producer within the Am Law 200](#), and the #1 fastest growing law firm in the country, reflecting our strong market presence and our commitment to delivering unparalleled services to clients.

Our forward-thinking tradition began in 1885 when two new law school graduates headed west by train with only a few dollars in their pockets. They envisioned a firm that uplifts people, businesses, and communities, a mission that endures over a century later.

At Fennemore, we're dedicated to helping our clients and employees thrive, guided by our core values and commitment to excellence. We actively encourage our team to share ideas and challenge the status quo, fostering a culture where success is measured not just by outcomes, but by the journey.
