People don't buy what you do; they buy why you do it.

Simon Sinek

DAVID LEWANDOWSKI

David Lewandowski is a Director in our Reno office who works in the firm's business and finance practice group where he brings an entrepreneurial spirit to a variety of corporate matters, including debt and equity financing issues for emerging businesses, transactional and capital financing counsel, complex buying and selling strategies, as well as mergers and acquisitions tactics. He works with publicly-traded companies and privately held entities on issues such as governance and contract matters, and he's also passionate about helping advise budding entrepreneurs and start-ups in Reno's vibrant Tech Hub on business law issues that arise during the formation and operational phases of a business. David also provides ongoing outside general counsel to many startups and small business owners – offering practical, high-value legal support that fits within limited budgets while keeping pace with their growth.

Known for solving the problem, and getting the deal done, David takes great pride in providing effective, honest, and transparent counsel to his clients. He has a track record of understanding deals and risks, and knowing exactly what business owners and entrepreneurs are actually signing, so he can help them avoid the common pitfalls that they often face. Before joining Fennemore, David worked for a technology-based business accelerator/incubator.

David gives back to the community, serving as a Big Brother in the Big Brother Big Sister program since 2011. David also serves as an adjunct professor, teaching a business law course each semester to 50+ students at the University of Nevada. He also frequently volunteers his time by serving as a guest lecturer for entrepreneurship classes at the University of Nevada, the Davidson Academy, Entrepreneurship Assembly, and NxLevel Entrepreneur Training Courses.

When he is not working, David enjoys golfing, fly-fishing on a ladder at Pyramid Lake, and spending time with his family, which includes coaching his son and daughter's little league

baseball teams.
